To Whom It May Concern,

This letter serves as a letter of recommendation for Jeremy Whittaker and his company N2 Network Solutions. We had a poor experience with a prior firm we were working with and luckily met Jeremy through some internet searching for IT help and support.

N2 Network Solutions has made our lives much easier in the way IT especially since we only have basic knowledge of computers and networks. Any time we had a problem or a need, Jeremy was very quick to respond with a knowledgeable solution. We never had a problem he couldn't solve despite us having multiple companies, email addresses, users, and blackberry mobile devices.

Jeremy is always reachable if a crisis arises and the ease of doing business makes his firm extremely accessible.

I would be happy to discuss N2 Network's service with anyone if you want further information.

Sincerely,

Jerry Penegor
